project management the managerial process 6e

think of this comprehensive handbook as your personal mini management seminar on identifying organizational excellence and then achieving it world renowned executive trainer and consultant jeffrey magee helps you recognize the management approaches that work best and then model your own strategies and tactics after the success you see packed with action plans and templates the management leadership bible second edition is designed to help you start driving roi from its techniques right now you ll learn how to choose your optimal style and approach for every individual and team interaction stimulating maximum performance from everyone around you coverage includes defining your mission statement for your new view of success choosing among six alternative managerial leadership intervention styles succeeding in five different organizational structures and levels analyzing your players and your prospects for team success

sustaining your professional success quotient mastering nine tactical steps to high impact leadership interviewing hiring and promoting the right people developing your winning habit paradigm converting negativity to positive outcomes speed reading personalities negotiating win win outcomes and building alliances creating your winning management game plan keeping c level and e level personalities from selling you out avoiding the deadly leadership sins that destroy performance planning for your replacement the first edition of the management leadership bible established itself as a best seller in practitioner based training academia and cpe self study now with 60 new content focused on today s management challenges teams and employees this edition is more valuable than ever it will be an indispensable resource for established and new supervisors managers and leaders especially those rising from frontline management to executive roles

as the scope and size of the u s government has expanded the importance of good management to the success of a presidency has also increased although good management cannot guarantee political or policy success poor management can certainly undermine good policy and political efforts in this second edition of the managerial presidency james p pfiffner brings together both classic analyses and more recent treatments of managerial issues that affect the presidency some of the foremost presidency scholars have contributed to this volume including richard neustadt charles o jones hugh hecilo george edwards and louis fisher this second edition includes more recent scholarship by roger porter steven kelman peri arnold and ronald moe the focus of this collection is the extent to which presidents can exercise control over the executive branch bureaucracies and whether it is wise for them to exert that control part one deals with the question of how to organize the white house staff if this organizational problem is not resolved solving the broader problems of organization and policy will be that much more difficult part two addresses the question of how much control presidents should exert over the departments and agencies of the executive branch and how the white house staff and other political appointees relate to career civil servants the final section examines presidential managerial reform efforts and the congressional role in managing the government although the contributors to this collection do not all agree on how the presidency should be managed there is surprising consensus on which questions ought to

be asked the analyses addressing those questions will be of interest to students and scholars of the modern presidency as well as those interested in executive leadership and public administration

drawing on transaction cost economics christian r thauer argues for the importance of internal drivers of corporate social responsibility

examines the political history of administrative reform undertaken by 20th century presidents attempting to explain the growth of modern bureaucracy within an 18th century framework and the expansion of presidential control over administrative powers the author explores the relationship between administrative theory and the dilemmas posed for a developing administrative state by the separation of powers he also looks at and compares successive cases of presidentially initiated comprehensive reform planning in order to understand the implications for the president s institutional role paper edition unseen 25 00 annotation copyrighted by book news inc portland or

this original analysis of the creation of new state forms critically examines the political forces that enabled more and better management to be presented as a solution to the problems of the welfare state in britain examining the micro politics within public service the authors draw links between politics policies and organizational power to present an incisive and dynamic account of the restructuring of social welfare clarke and newman expose the tensions and contradictions in the managerial state and trace the emergence of new dilemmas in the provision of public services they show that these problems are connected to the recurring difficulties in defining the public that receives these services in partic
