eminently readable and written with candor and spirit this 8th edition of countries and concepts continues the loose theoretical approach of the previous editions simply observing that politics is composed of human conflicts or quarrels forming patterns that can be studied analyzing four european nations and japan at some length and four third world nations more briefly this text studies the history institutions geography and political

culture of each to provide valuable comparative information in the course of the semester updated and revised enables students to stay abreast of the latest events in the global political environment expanded political geography material provides students with geographical insight that prepares them for globalization aids students preparing for the state teacher certification exams insights includes some rational choice perspectives more geography and russia as a quasi authoritarian system improved pedagogy includes highlighted boxes glossary maps and chapter opening questions nine countries represented extensive coverage of great britain france germany russia and japan more brief coverage of four third world

based on o'neil fields and share's market leading textbook and casebook cases and concepts in comparative politics an integrated approach integrates concepts and cases in one volume students get all of the materials in a straightforward easy to use and cost effective way

since the 1960s german scholars have developed distinctive methods for writing the history of political social and philosophical concepts this work is a critical introduction to this emerging genre the history of political and social concepts or begriffsgeschichte systematically surveying political social and philosophical discourses and their contexts historians of concepts track linguistically how the advent mentalities and effects of modernity have been conceptualized in contested forms after assessing the programs and achievements of this genre and analyzing extended examples of its use the author argues the need for an analogous project to chart the careers of concepts central to the political and social vocabularies of english speaking societies

in this book the reader is introduced to the concepts of politics government political theory and political culture with reference to cameroon defined as human activity concerned with controversies over public questions and the resolution of those controversies politics is concerned with the affairs of government and because government action deeply affects us we take a lively interest in what governments do we form associations and organize campaigns to articulate our demands we negotiate with others and try to shape the goals that governments pursue when we disagree with the policies of the government we protest and organize demonstration to persuade our governments to change the existing laws we passionately debate the actions of our representatives in this way we look for the rationale underlying the prevalent chaos and decay and aspire to create a better world to sum up politics arises from the fact that we have different visions of what is just and desirable for us and our society politics exist because we possess reason and the ability to reflect on government actions and communicate our innermost thoughts and desires with each other political theory has its roots in these twin aspects of the human being defined as a network of concepts and generalizations about political life involving ideas assumptions and statements about the nature purpose and key features of government political theory systematically thinks about the values that inform political life values such as freedom equality justice nationalism secularism development etc it explains the meanings and significance of these and other related concepts by focusing on some major political thinkers theologians kings economists sociologists popes etc of the past and present it also examines the extent to which freedom or equality are actually present in the institutions that we participate in everyday such as schools shops buses

or trains or government offices and it looks at whether existing definitions and institutions are adequate or must be modified to become more democratic the objective of political theory is to train citizens to think rationally about political questions and assess correctly the political events of our time in applying political theory some countries are more successful than others due to the variations in political culture a country's degree of success in operating a governmental system that is democratic in character depends to a very large extent upon the nature and content of the political culture of that country for democracy to work the country's political culture must be compatible with and support the very concepts of constitutionalism the rule of law and representative democracy as well as be consistent with and sustain the country's established agreed upon constitution including the constitutionally prescribed procedures for managing and resolving controversy over public questions making and carrying out authoritative decisions on public policy protecting the rights and liberties of citizens and peacefully transferring governing authority from one group of political leaders to another in all discussions examples are drawn from cameroon and elsewhere in the world

this book presents a transdisciplinary and transnational challenge to the enduring coloniality of political concepts discussing the need to decolonise both their theoretical constructions as well as their substantive translations into practices despite the acclaimed twentieth century decolonisation waves coloniality still remains in subtle and obvious practices in visible and invisible mechanisms of power and in the privileging of certain knowledges and the dismissing of others decolonising political concepts critically addresses the role political concepts play in the continuing legacies of colonialism and ongoing coloniality this book building on postcolonial and decolonial thinkers and ideas demonstrates how concepts may be used as oppressing political and epistemological tools by presenting efforts to decolonise political concepts the book signals the potential for genuinely postcolonial academic and political contexts bringing together scholars from different disciplines and engaging with a wide array of geographical contexts the chapters examine concepts such as agency violence freedom or sovereignty this book enables readers to critically engage with concepts used in political discourse and allows them to reflect on their impact and alternatives it will appeal to graduate students and scholars from international relations social sciences or philosophy as well as to socio political actors engaged in decolonisation agendas the open access version of this book available at taylorfrancis.com has been made available under a creative commons attribution non commercial no derivatives cc by nc nd 4.0 license

this title was first published in 2000 politics cannot be conceived of as just a subsystem of society or as a network of particular interests the concept of interests and their role within the normative political debate is given a new interpretation by this book which examines how political interest market mechanisms and rational choice theories exist in the light of democratic freedom and social justice the book builds on different concepts of procedural justice from schumpeter buchanan and habermas's conceptions of democracy and the role of political compromise and coalition in the idea of consensus as a condition for political legitimation

the oxford handbook of gender and politics brings to political science an accessible and comprehensive overview of the key contributions of gender scholars to the study of politics and it shows how these contributions produce a richer understanding of politics and societies

eminently readable and written with candor and spirit this 9th edition of countries and concepts simply observes that politics is composed of human conflicts or quarrels forming patterns that can be studied analyzing four european nations and japan at some length and four developing nations more briefly this text studies the history institutions and political culture of each for political analysts or those in international business that need to grasp the political culture of the countries they're dealing with

duffy's work traces nuclear politics from the creation of a powerful subgovernment through the public lobby reforms of the late 1960s and early 1970s and the deregulatory backlash of the reagan years he demonstrates that while policies did change in the 1970s they did not change as much as other accounts have suggested and that the industry continued to receive considerable federal support the book is particularly significant for extending the discussion of nuclear policy through the bush and clinton years including the controversy over waste disposal new licensing procedures enacted in the 1992 amendments to the atomic energy act and the effects of deregulation of electric utilities amazon.com viewed august 24 2020

in twelve essays influential scholars in political science explore the meaning of political leadership from the kaleidoscopic perspectives of the leaders institutions goals procedures problems and traditions involved the approaches as varied as the subject itself coalesce around the central question of how leaders interact with transform or are controlled by the organizations they lead

mr homer has always wanted to be a horse and persuades his good friend mr henry to help him become one
